4.1.1 The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

"Education must provide the opportunities for self-fulfillment; it can at best provide a rich and challenging environment for the individual to explore, in his own way"

To explore an institution of technical excellence, in his / her own way and to face the challenging technological environment, our founder president Thiru.K.L.N.Krishnan started an Engineering college in the name of K.L.N.College of Engineering. This college is mainly established for the betterment of the down trodden people of SivagangaiDistrict.Which is an economically backward district in TamilNadu.

This college is the first self-financing Co-educational Engineering College in Sivagangai, situated on the South Eastern outskirts of Madurai, 11th Km on Madurai – Nedungulam Road. It is built in an area of 53.8 acres.

As per the norms of AICTE, NewDelhi and Anna University, Chennai, the institute has adequate facilities for teaching-learning process. The Campus has multistoried buildings consisting of well-furnished class rooms, drawing halls, seminar halls, conferencehall, library, Air-Conditioned Computer centers, staff rooms and student rest rooms. The infrastructure also consists of five double storeyed buildings accommodating laboratories, workshops of various academic curricula and engineering disciplined.

In all50,247 sq.meter of buildings have been constructed for effective teaching learning process. The management is conscious of updating every need to increase the infrastructure.

In order to facilitate the easy accessibility for the students, 1741 numbers of computers have been installed so far. This shows the management's conviction in providing essential infrastructure for the Hands on Training to the students in our college.

Total expenditure incurred so far towards the cost of assets (equipment's, buildings &Furnitures) is about Rs.34.8 corers.
