

6.2.1 The institutional Strategic/ Perspective plan has been clearly articulated and implemented.

Describe any one activity/practice successfully implemented based on the institution's strategic plan (within a maximum of 200 words).

The important strategic plan of the college is to improve the skills of faculties and students

Skill Enhancement for faculty members

Faculty members were motivated to attend workshops, faculty training programs, short term training programs in their specific domains organized by other Engineering colleges and Industries such as Infosys, Honeywell etc.

Faculty members were given incentives to present their papers in International conferences and to publish them in International and reputed Journals like UGC journals. They are motivated to do Ph.D in part time in Anna University and other universities & to do online NPTEL courses in their interested subjects.

Skill Enhancement for students

In order to enhance employability skills of the students, Training and Placement cell organizes various training programs from the first year onwards.

Students are motivated to attend the workshops organized by their departments, other departments in the college and also workshops organized by other engineering colleges.

Students are guided to participate in technical competitions organized by other engineering colleges such as paper presentations, quiz, hackathon etc.

Students are motivated to do NPTEL online courses in their interested courses. Faculty members have mentored them to successfully complete their certifications.

Incentives were given to all faculty members and students who have completed their NPTEL online certification.
