

Online learning and system requirements.

Dear Students,

The recent developments in the higher education, demands the need for full fledged high speed internet facility (strong bandwidths-atleast 1 GB),laptop/ desktop computer with webcam, speaker, preferably Windows 10 installed/ upgraded version.These facilities are required for

- 1.Attending certified webinar / online courses Organised by IIT,NIT,AICTE,AU,NPTEL,TCS,CTS,Wipro,Infosys, any other core/ IT companies.
- 2.Auto protracting certification Examination conducted by National/ international agency.
- 3.Campus recruitment- online- off campus
- 4.Online interview for Internship, inplant training,industrial project.
- 5.Conference paper publication- online presentation- state/ National/ International
- 6.Attending courses/ Examinations under open Elective as per the curriculum.
- 7.Attending final interview for the companies shortlisting the Students .
- 8.Work from home,if selected for internship/ campus recruitment.
- 9.Attending online class/ internal tests,incase of continuous holidays/ ensuring social distancing.
- 10.Attending counseling sessions for career development,confidence Building ,Education abroad,etc

Hence the Students are advised to equip your surroundings, technically,to face the challenges of Higher Education, Industry needs and more particularly to maintain social distancing.

Have a high end laptop with all necessary gadgets (webcam,speaker,maximum GB, necessary software installed).This costs around Rs.26,000/-

Also have good printer(preferably colour) with scanner,Xerox facility.

Keep your study room neat and tidy,calm,noise free.

Good backup facility (power bank,UPS to supply Electrical appliances for 3-4 hours,incase of continuous power failure (more than 6 hours).

As all data are to be updated for Aadhar,PAN,Tax calculation,PDS, Payment of bills online- Phone,TV,Electricity bill,Tuition fees,insurance ,bank transactions,opening bank account,passport , driving licence applications,voter card,health insurance schemes,medical counseling,printout of medical prescription etc.

We need to update, technically.

Hence, Student are instructed to have a good computer system with strong internet facility.Not in hurry,after lockdown,before January 2021 get the facility.

Best wishes.
